

# STORAGE LOCKERS

We offer a range of strong, custom built quality storage solutions for basement carparks and apartments.

We use  COLORSTEEL.

# We offer the best quality storage sheds on the market designed to suit your unique project.

We have a range of custom storage lockers and sheds for your large or small development needs. Our team is site safe and ready to work with your project management team, we know things happen with projects so we are happy to work in to help meet your timeframes.

## Storage for apartments & townhouse developments

Talk to us to find the perfect storage unit to fit your development needs, from small sheds for back patios or custom builds for apartment balconies. Our team has a great deal of experience building in tight and tricky spaces, and we treat your sites with care and respect.

## Storage lockers for basements and carparks

With our unique approach to custom design, our professional and experienced team can offer a range of solutions for your carpark storage needs. We have standard options or we custom build to your plans and specs. We can meet fire regulations with open roofing finished with mesh.

## Quality and Durability

We use high-quality materials and construction techniques to ensure that our sheds and lockers can withstand the rigors of daily use, providing your development with reliable and sturdy storage options.
